

Enabling Better B2B Collaboration

Providing Enhanced Connectivity, Communication & Coordination

WITHOUT Descartes B2B Solution

Today's digital landscape means that your supply chain might rely upon dozens of different technologies and systems. Getting them to **properly connect** and communicate can be a laborious and time-consuming source of frustration.

WITH Descartes B2B Solution

One **simple hub** connects and translates your entire supply chain ecosystem. What was once complicated is now a business advantage and a source of powerful data.

What's in it for you?

Savings	Bigger ROI	Accelerated Sales	Client Satisfaction
<p>On Average, customers reduce total costs of integration by 20-40% vs. in-house operations</p>	<p>Customers average annual return on investment increase 250% with Descartes B2B</p>	<p>New sales accelerated by a 4-fold increase in customer implementation timeframes</p>	<p>Business partner satisfaction increased with 75% improvement in B2B capabilities</p>

The Descartes B2B Difference

Your NETWORK

Descartes B2B is the only private trading hub solution. Whatever integration your ecosystem requires, Descartes B2B will pull it together seamlessly, as though it was **custom built for you**.

Your RULES

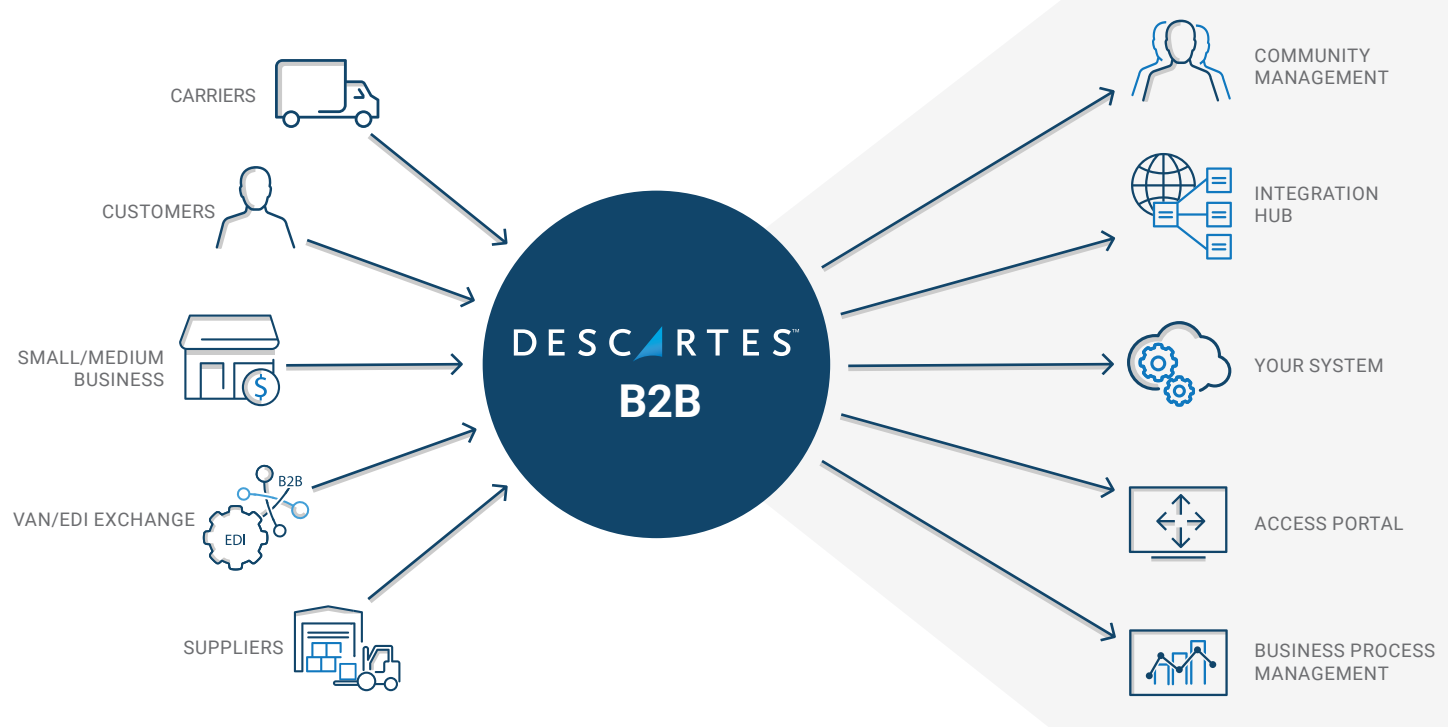

Your system has special cases and unique business terms that are above and beyond what any other provider could solve, but with Descartes B2B, **you decide the details** that define your business.

Your PEACE OF MIND

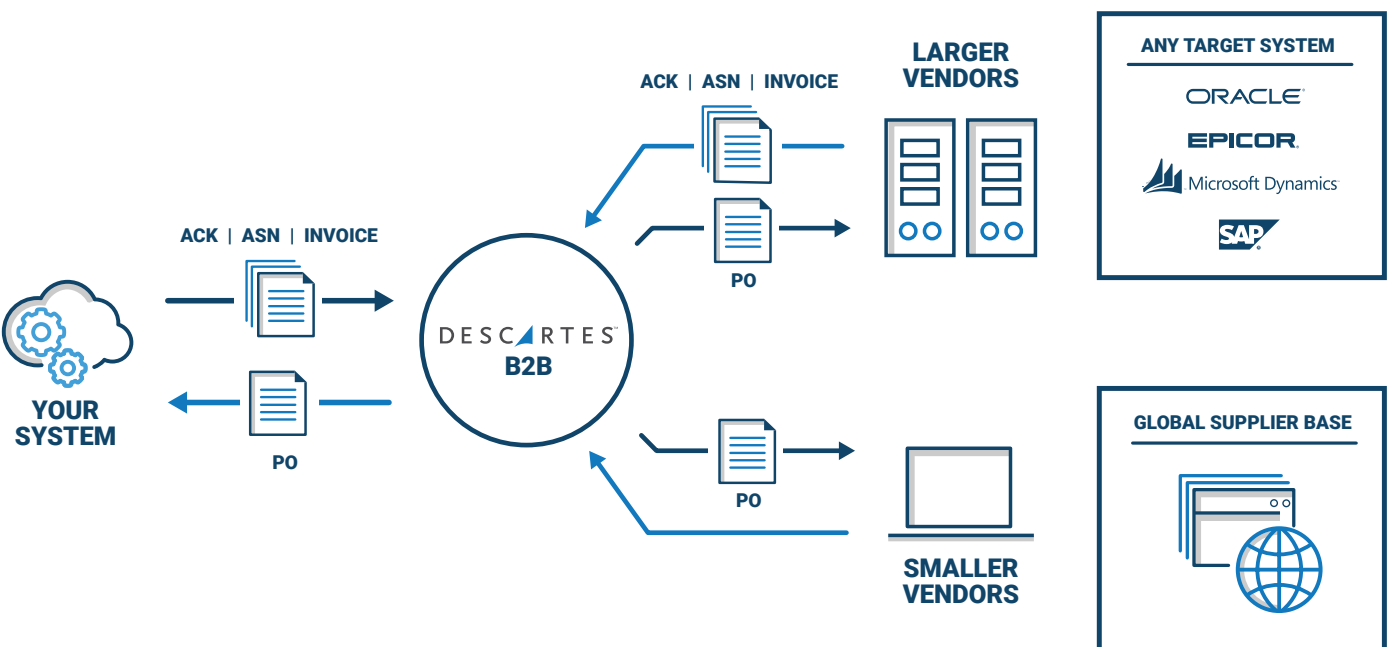

We have you covered. 24 hours a day, 7 days a week. Across all aspects of your trading network: support, hosting, monitoring, operations and onboarding.

How Does Descartes B2B Work

Typical Deployment Example

Your Path To Getting Started

<p>1 Connect to the System</p> <p>You don't have to make any changes to your existing data communication.</p>	<p>2 Integration Process</p> <p>Send Descartes B2B your list of trading partners to be integrated.</p>	<p>3 We Do All The Heavy Lifting</p> <p>Integration, training, mapping, testing—Descartes B2B handles it all for you.</p>	<p>4 You Relax</p> <p>Continual monitoring and adjustments mean we eliminate issues before they become problems.</p>
