Target Markets

Descartes meets the need of global trade and transportation organizations that want to differentiate their businesses through effective logistics strategies and processes, or need to improve existing logistics processes to compete in a variety of markets.

Descartes offers solutions and services for two specific customer groups:

- transportation and logistics services providers; and
- manufacturers, retailers, distributors, and service providers.

Solutions & Services

Descartes is the global leader in logistics technology. If logistics is critical to your business, Descartes connects the people and technology to put your organization in motion. We extend the command of logistics operations, helping the world's largest and most connected logistics community to quickly reduce costs, improve service and comply with customs and transportation regulations. Descartes' Logistics Technology Platform uniquely combines the power of the Global Logistics Network, the world's most extensive multi-modal network, with the industry's broadest array of modular and interoperable web and wireless logistics applications.

Descartes' comprehensive suite of solutions include:

- Routing, Mobile & Telematics
- Transportation Management
- Customs and Regulatory Compliance
- Global Logistics Network Services
- Broker & Forwarder Enterprise Systems

At our core, Descartes' team of industry-leading logistics experts is dedicated to delivering innovative solutions while working closely with our customers to help ensure their success.

Sample Customer List

Descartes customers include an estimated 1,600 ground carriers and more than 90 airlines, 30 ocean carriers, 900 freight forwarders and third-party providers of logistics services, and hundreds of manufacturers, retailers, distributors, private fleet owners and regulatory agencies.
